Notes
All players receive one Performance Star when they become an AJGA member. Rising seniors (2007 grads) receive two Performance Stars for membership. These Performance Stars do not carry over to 2007.
A player's PBE status (Performance Stars and Exemptions) will determine their acceptance into AJGA Open events. The status required for acceptance will vary by event.
Players will start the 2006 season with their status based upon their performance in 2005. For example, a player who earned two Exemptions in 2005 will start the 2006 season with a status of two Exemptions regardless of if those Exemptions were used to gain entry into an Open tournament last year. Status earned through the Medicus Preseason Junior Series must be used during the year earned and will not be available the next year.
Exemptions and Performance Stars apply only to oldest junior division for all tournaments listed.
Please see ajga.org for a complete list of State Association Junior Tour events that are included in PBE.
